2017 WORKWEAR UNIFORM REQUIREMENTS

Work, Health and Safety Laws require specific clothing be worn by a person in manual work zones to minimize risk to their health or safety.

Where there is exposure to heat, sparks or open flames - a long sleeve cotton shirt and work pants is necessary. □Where there is the chance of falling objects - steel capped work boots are essential. □When present in a manual work zone, operating machinery or carrying tools and equipment - high visibility clothing is required.

No deviation to material, styles or colour will be permitted.

All uniform requirements are available through your local Lowes Store.

Students must be in full work-wear uniform at the commencement of each lesson in Saint Yon Trade Training Centre. In the event of non-compliance, the student will have their school and their parent's contacted and the student will be supervised at the Trade Training Centre Office. Repeat infringements will be treated seriously and may result in suspension or cessation of enrolment at Saint Yon Trade Training Centre.
